> EXPORTED EXPRESSLY FOR THE DAILY STATE SENTINEL. Noon Reports.

From New York. New York, August 8 .- The Times' Washington dispatch says it is believed Gen. Gillmore will be heavily reinforced and be enabled to re

sume offensive operations with the prospect of early success. All the rebel officers in our hands are being gathered at Johnson's Island, near Sandusky, where they will be kept until a satisfactory reply to the President's order of retaliation which has been forwarded by our Government.

From Washington. WASHINGTON, August 7 .- Robert C. Gist, special agent of the postoffice department in charge of the Memphis postoffice, writes to the Hon G. W. McLelian, second assistant Postmaster Generrl, that -teambouts are arriving and departing almost daily to and from New Orleans without making up a mail daily for New Orleans. I have consulted the surveyor of the postmaster of transportation and other officials, all of whom express the decided opinion that the eastern and m5-d6m northern mails for New Orleans can be sent with more safety and expedition via the Mississippi river than by ocean steamers, so long as rebel piratical vessels continue to invest our To Shippers of Tallow, Lard, Grease,

MEDICAL. DR. JOHN BULL'S

COMPOUND CEDRON BITTERS Attorney at Law

The Latest and Most Important Discovery of the Nineteenth Century.

TO MAN'S NAME IS MORE INTIMATELY CONnected with the history of the Materia Medica of the United States, or more favorably known as a pioneer in medical discovery, than that of JOHN BULL, of Louis-ville. Ky. His inimitable preparation of Sarsaparilla has long stood at the head of the various compounds of that valuable drug. His compound Pectoral of Wild Cherry has become a household word throughout the West and South; and his Worm Lozenges, in less than a year after their introduction, attained a reputation as widespread a- the continent of North America. But the crowning glory or his life remains to be attained in his latest discovery, or rather combination, for he does not claim to have been the discoverer of CEDRON, which is the basis of the Bitters now offered to the public. That honor bewhom i's virtues have been known for more than two hundred years. Armed with it, the Indian bids defiance to the most deadly maiaria, and bandles without fear the most venomous serpents. It is a belief with them that while there is breath left in the body the Cedron is potent to cure, no matter what the disease may be. While Dr. Bull is not prepared to indorse this extrava-gant preten-ion, he is nevertheless satisfied from a thorough examination of the evidence relating to its virtues that, as a remedy and preventive for all diseases arising from exposure either to changes of weather and climate or to the miasmatic influences, it stands without a rival, and justly deserves the reputation it has so long enjoyed

n Central America and the West Indies. In

and its attendant train of symptoms, it acts more like a charm than a medicine. There is nothing in the whole range of the Materia Medica that can for a moment bear a comparison with it in this disease. A full account of this wonderful plant may be found in the eleventh edition of the U. S. Dispensatory, pages 1387 A series of experiments, in which Dr. Bull has been for years engaged, has just been brought to a successful termination, and he is now enabled to offer to the public

a combinatian of Cedron with other improved tonics, the whole preserved in the best quality of copper-distilled Bourbon whisky, which he is confident has no equal in He might furnish a volume of certificates, but the public have long since learned to estimate such things at Cash Capital and Surplus, their true value. The safest plan is for every one to test

CEDRON BITTERS

for himself the virtues of a new medicine. Give the

one trial, and you will never use any others. It is not necessary to publish a long list of diseases for which the Cedron Bitters are a specific. In all diseases of the STOMACH, BOWELS, KIDNEYS. In all affections of the BRAIN depending upon derange ment of the Stomach or Bowels;

In GOUT, KHEUMATISM and NEURALGIA: And in FEVER AND AGUE: It is destined to supersede all other remedies. It not nly cures all these diseases but it prevents them. A wine glass full of the Bitters taken an hour before each meal will obviate the ill effects of the most unhealthy climate and screen the person taking it against disease under the most trying exposure. Sold by Druggists and Gr. c rs generally. Dr. JOHN BULL'S Principal Office, Fifth street, Louis-Sold in Indianapolis by Browning & Sloan, Tomlinson
